

Christian Worship: Principles and Practice (TMM2617)

Module Level: 5

Module Credit Value: 10

Pre-requisites: None

Co-requisites: None

Excluded Combination of Modules: None

Aims:

- To enable students to study the relationship between the various activities of Christian worship with Christian theology and spirituality, drawing on insights from the human sciences.
- To enable students to integrate their experience of worship- which will be gained from leadership of, and participation in, public worship-with principles arising from the practice of Christian worship.
- To encourage students to apply the principles of worship to their practice of leading, planning and reflecting upon acts of worship in various contexts.
- To encourage students to address the interplay between worship and mission in current contexts.

Content:

- Study of the key theological and biblical understandings of worship, including an examination of the theology and spirituality expressed through the various manifestations of a particular tradition.
- Worship and the place of ritual, symbolism, space and music.
- Theory and practice of planning and leading worship in a range of contexts.
- Exploration of the relationship between worship and the mission of the church.

Learning Outcomes: By the end of this module students will be able to:

Subject Knowledge [SSK 2, 3]
