Japanese

The list of topics is indicative only (as typically encountered at those levels) to help prospective students select the most appropriate course. When topics and grammar points appear under several levels, they will be either a revision and/or more in-depth study of the topic/grammar area. Most grammar structures and vocabulary items are of course encountered again and often reinforced in subsequent levels.

Progression	Development	Typical topics	Grammar		
Beginners	Step 1	Introduction to Japanese syllabaries Greetings & introductions Family Birthdays, festivities Numbers 0 – 10 000, decimals, fractions Time: clock, time words Everyday objects Colours Sizes Everyday locations Shopping Transport, travelling Likes & dislikes Parts of the body Staying at a hotel	Wh- questions Particle [place] ni Verbs Question Which one?
