

Turkish

The list of topics is indicative only (as typically encountered at those levels) to help prospective students select the most appropriate course. When topics and grammar points appear under several levels, they will be either a revision and/or more in-depth study of the topic/grammar area. Most grammar structures and vocabulary items are of course encountered again and often reinforced in subsequent levels.

Progression	Development	Typical topics	Grammar
Beginners	Step 1	Turkish Alphabet and Sounds Basic vocabulary for daily situations Greetings Introducing oneself (age, profession etc) Describing things Countries and nationalities Numbers 1-9999 Asking for directions Ordering food Going shopping Vocabulary building (fruit and vegetables) Possessions	Turkish vowels Major vowel harmony Introduction to Turkish suffixes Plurals (“-ler/lar”) Minor vowel harmony Question endings (“mı/mi/mu/mü”) Adjectives (use of “değil”) Introduction to Turkish syntax (word order) Consonant changes (special consonants) Personal pronouns Possessive suffixes
