Stay Involved and Develop New Skills!

"If you love Durham, love it seriously. Contribute more locally, wherever you are on this planet. Together we are stronger."

Supporting future GraDUates

Fifteen months after graduating you will be contacted by email or phone to ask you to complete the Graduate Outcomes survey. This is a national survey capturing the activities and perspectives of graduates. Please complete it, as the responses to this survey will be crucial in allowing current and future students to make informed choices about what they can do with their degree. It also helps us to evaluate our courses. Find out more at graduateoutcomes.ac.uk.

If you would like to share your insight of the professional world with current students, we welcome offers from individual alumni wishing to take part in careers events. If your employer would like to recruit Durham students and graduates for work experience, placements, or graduate roles, please get in touch with our Employer Services Team: durham.ac.uk/careers/employers
