*** 'CEES' refers to anyone who is care experienced and/or estranged. 'Care experienced' means anyone who has been, or is currently, in care. This care may have been provided in many different settings, including living with foster carers; living in a residential children's home; being looked after at home under a supervision order; living with friends or relatives in kinship care. 'Estranged' students are those aged 18-24 who are not communicating with either of their biological or adoptive parents due to an irreconcilable breakdown in the relationships with them.*
