

Signs of Spring Hunt

Let's go on a nature hunt! Try and find all of these signs of spring within our garden today!

The first **tree buds** forming and opening up.

Songbirds singing - listen out for robins, blackbirds and great tits.

Daffodils - see how many different types you can find!

Bluebell shoots and flowers.

Tulips - what colours can you see?

Squirrels foraging for food.

Queen **bumble bees**, on their way to build a nest.

Toads croaking in the ponds.

Hazel catkins or flowers

Lesser celandines - they look like little yellow stars.

Snowdrops - some of the first flowers to appear in Spring!
