

Fantastic Maps

Using maps and knowing your directions are both key skills in life. They might help you if you ever get lost! Can you fill in the compass points on the map below with the correct directions?

Once you have labelled the compass, complete the questions below.

1. Starting at Piercebridge, what is the main direction you must travel in order to get to Durham?

2. From which direction do the rivers flow? And what direction do they flow towards?

3. Which two directions must you travel in to get from Sunderland to Cow Green Reservoir?

Next, you are going to use your knowledge about human and physical features. Fill in each label on picture below with the correct description, and then say whether the feature is human (man-made) or physical (natural). The first one has been done for you.

Description:
Feature:

Description: natural woodland and vegetation
Feature: physical
